DECORATIVE WALL PANELS
make your interior look different

PHOTO GALLERY decorative wall panels

DESIGN with passion

Good project is just a part of success, the rest is determined by our own choices. Wishing to surround ourselves with beautiful things we select style and those of exceptional design. Obviously, beautifully arranged interiors make living much more pleasant.

Loft Design System decorative panels are the result of intensive work by Italian Designers. Owing to typical Italian natural elegance as well as their courage to make unconventional patterns, you will create stylish space.

STYLE icon of simplicity

Style is something still unrivalled. Everyone wants to have it but not everything can be called stylish. However, creating solutions in accordance with existing trends, we can be sure that products in our offer are of greatest quality.

Decorative panel Model 01

We go for unique designs to emphasize our passion for original form. We are full of admiration for everything that is beautiful, perfect and unusual. That is why, giving you the designs of our wall panels, we can assure you that an amazing style will appear in your interiors.

www.loftsystem.com

INTERIOR redefined

Three dimensional Style. Such form of our panels make interiors gain their quality. Decorative panels are more than just ordinary objects. Thanks to them plain surface transforms into a piece of art. It is a perfect idea for everyone who admires good style.

Loft Design System is a story about how the idea of Italian Designers changes into something that creates space in a different dimension - the third dimension. All of that is served in a beautiful and hypnotizing form which makes spending time in your own interior a true delight.

Interiors that reflect your style

Loft Design System 3D decorative panels

Our products are an inspiring source not only for architects and interior designers, but also for you.

As an architect and interior designer I always look for best possible solutions for my projects.

I chose creativity and good design of Loft Design System.

The design of your interior

Owing to our cooperation with the designers from all over the world, you will find the reflection of multiple styles among our patterns, from pure classic to contemporary.

Creative solutions

Designed with the intention of creative play with form and light. You can make your interior one of a kind, individually arranging a chosen model.

Environmentally friendly

The Natural composition of 3D Loft Design System panels helps promote structural harmony, naturally regulates the humidity level, absorbing its excess and delivering it back to the interior, eg. during heating periods.

Stylish technology

If the look is as important to you as the acoustic properties, Loft Design System panels with soundwave technology applied, would be the perfect solution.

Loft System Collection

3D decorative panels are the perfect solution for all kinds of interiors. Break the monotonous look of your plain walls with 3D Loft Design System panels.

Loft Concrete Collection

Loft Concrete, decorative panels are of concrete structure but in a lighter version. Available in three colour variations, Dove Grey, Stone Grey and Ivory White. Also plain and hollow models.

Loft Mural Premium Collection

Our premium collection of decorative panels will help you create a unique style in your interior.

Loft System for designers

Loft Design System is company from Poland, which produce 3D decorative wall panels. In our offer we have 32 models of raw panels and panels of concrete structure. Loft Design System has also a Mural Premium Collection which include 4 models. It is the perfect solution for spacious interiors. Those models are intended to be installed on large walls. Modern decorative panels from Loft Design System Brand are not only a great offer of available patterns, but also a possibility to realize an individual order with an install.

Panels are made of natural composite based on gypsum and they are environmentally friendly. We cooperate with companies on foreign markets, eg. in Dubai, Italy, France, Spain, Deutschland, Great Britain and United States of America. Our products break the monotonous look of walls and make interiors more beautiful. We would like to thank you all for chosen Loft Design System brand to your projects. We hope that you were inspired by our designs and in the future you will be still creating beautiful interiors using our panels.

Archetype - The pattern creates a complex system of corridors, which bear resemblance to a labyrinth, which is an archetype well-known all around the world for centuries. It's meaning is as much complicated as the pattern itself. Typical association with the pre-existing maze-like buildings, which frequently were an element of a defence system, has established them as a symbol of security. Mark of a labyrinth has often found its place on the houses of ancient Greece.

Mougins - A pattern that consists of twenty two elements, which give the wall an effect of the earth cracked because of intense sun. It will be a marvelous addition to African accents that will give the entire space a taste of southern character.

World – the theater of life, in which everyone on earth plays a leading role, forming a separate chapter each day, creating one coherent whole. A model of 32 elements creates an image of a world map – a place that has for centuries been an inexhaustible source of profound inspiration for painters, architects, poets and artists.

WELD

WELD BRAND | High quality products for decorative wall panels

HQ
High quality

Unique formula

High performance

Easy of use

PERFECT CHOICE FOR PROFESSIONALS

WELDFIX

Weldfix Ultra is modern and easy in use mounting adhesive, especially useful for decorative panels. It can be use to most of available substrates: lime plaster, gypsum plaster, wood, MDF, HDF cork plywood, chipboard, ceramics, plaster, plasterboard, steel, carpentry furniture, built-in cupboards, moldings, profiles, hangers, etc. Do not use styrofoam PE, PP.

WELDMASA

WELDMASA is ready-to-use gypsum putty, suitable for a wide range of interior applications. It's perfect for non-structural filling, leveling, patching and jobs on gypsum boards such as decorative panels. Thanks to WELDMASA the surface is much more smoother. Advantages: high quality, unique formula, easy in use, fast drying time, increase smoothness.

WELDPRIMER LIGHT & WELDPRIMER **STRONG**

WELDPRIMER LIGHT & WELDPRIMER STRONG Concentrate are the newest formulas that reinforce primed surfaces, reduce ground's absorbability, standardize primed surface. It is a preparatory coating put on materials before painting. Priming ensures better adhesion of paint to the surface, increases paint durability, and provides additional protection for the material being painted. We recommend to prime as the first layer under painting and install panels made of gypsum composite. Advantages: high quality, easy in use, fast drying time and high efficiency.
